### Progress & Level Selection

Student Level placement is at the discretion of the DEAC Creative Team. Dancers progress through our program based on a class-specific criteria and a structured process for advancement. Our class syllabi help our teachers maintain transparency regarding level defined expectation & a clear structured process of advancement. It is very important to remember that at DEAC, we only have 7 levels and it takes time and patience to progress to our advanced level and build the foundation for a strong dancer.
